Greetings,

Florida Atlantic University continues to closely monitor the evolving coronavirus (COVID-19) outbreak. The health and safety of the FAU community is highest priority and FAU officials are working closely with local, state and federal agencies to share the most updated information.

No cases of coronavirus have been reported at FAU. However, the State University System of Florida Board of Governors today directed state universities to take several steps to minimize the health and safety risks of respective communities.

Unfortunately, due to the evolution of the coronavirus (COVID-19), FAU is transitioning temporarily to remote instruction. The Department of Campus Recreation has been advised to cancel or postpone all events and programming. All Campus Recreation facilities will be closed starting Saturday, March 14. We will reopen tentatively on Saturday March 28. For general or membership questions please contact campusrec@fau.edu.
